

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 13, 1996

SUBJECT: **SB 3066 - HB 2896**

This bill, if enacted, will direct the Department of Personnel to prepare transfer plans in which persons who were Public Service Commission employees on May 26, 1995 are employed in comparable positions. No employee will be required to take a reduction in salary as a condition of transfer. If an employee's salary exceeds the salary range of the position, that employee will not receive any *across the board pay increase* until the transferred employee's salary is within the salary range.

The fiscal impact from enactment of this bill is estimated to be not significant, since employees would be compensated at their current salary level. The current level of state spending would not be increased by this bill; however, funding sufficient to maintain the current compensation level for affected employees (\$157,200) is not included in the Governor's proposed fiscal 1996-97 budget.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director

SB 3066 - HB 2896
